ONE BEDROOM APARTMENT

One-Bedroom Suites range from 42sqm to 51sqm and feature a master bedroom with a separate living area. Every inch of the floor space was designed for maximum usage - a compact but efficiently laid-out pantry, a dining area, a living room; all flowing into one another to form a generous integrated space.

ONE BEDROOM LOFT

These units are designed loft-style, with a unique mezzanine level that provides extra living space (10sqm) and also a further-defined living area for family members to enjoy - this allows for a private reading space, a games area or a lounge to unwind and clear your thoughts. The intimate dining and pantry space sit beneath this innovative mezzanine.

TWO BEDROOM APARTMENT

Two-Bedroom Suites range from 62sqm to 71sqm and feature a spacious master bedroom, guest bedroom and a separate living area. The master bedroom features a private en-suite bathroom, while a second bathroom is easily accessible from the guest bedroom or living area.

TWO BEDROOM LOFT

Larger two-bedroom units are designed in a contemporary loft style, with a mezzanine level that provides extra living space and a further-defined living area for family members to enjoy - this allows for an additional cabinet storage, a games area, a lounge to unwind or an extra space furnished with a sofa-bed.
